

**Drum  
clamp  
horizontal**

**Drum  
clamp  
vertical**

## Features

Specially designed clamping attachments for handling drums with the help of any overhead load lifting arrangements such as chain blocks, chain hoist or EOT. Two basic models are available - Drum Horizontal Clamps for lifting the drum when it is in horizontal position and Drum Vertical Clamps for lifting the drum when it is in vertical position. Specially designed self locking arms and flippers are provided to give the clamps extra reliability and safety. Designed to handle standard steel drum of 210 ltrs.
